

THE CAMBRIDGE CHANT

*Cambridge is the place to be
Earth and sky and sea to sea.
Reading, writing, 'rithmetic
We will learn them really quick.*

*Recess is my favorite time
But music 'n art are really fine.
Social studies, health on down
I'll learn 'em yes, without a frown.*

*Watch us now as we all grow
Outta the way, we're on the go!
Oo, oo, ah, ah, ah, ah, WOW!
Cambridge Spirit, catch it NOW!*
