### **AVID Program**

Cambridge Elementary School is thrilled to implement the AVID program this year! The guiding principle of the AVID (Advancement via Individual Determination) is to hold students accountable to the highest standards providing academic and social support which will help students rise to the challenge.

These strategies provide high expectations and rigor that will prepare our students for college and careers in the 21st century global economy. To support this, we have adopted the school-wide theme: Crusaders R.O.C.K. (Responsible, Organized,

College and Career Ready and Kind). The AVID program promotes a safe school environment that foster risk-taking by our students giving them the confidence to participate in meaningful conversations and instructional activities that support academic achievement.
