Preparing Students for the Future

Palmyra Elementary School is excited to continue the journey as an Advancement Via Individual Determination (AVID) school this year! AVID is being implemented in our all of our fifth- and sixth-grade classes.

AVID provides a system and structure to equip students with the skills necessary for success in middle school, high school, college, and career. AVID sets high expectations for our students while providing the support they need to be successful.

In addition to learning in the classroom, Palmyra values the

importance of the home school connection. In October, the school hosted its second annual Family Literacy Night. Teachers facilitated activities to highlight literacy development. Families read stories, created art projects, used applications on digital tablets to summarize text, and had a lot of fun together. We look forward to the next family night in February, which will focus on STEM-related activities.
