Tracy Knibb
Principal

Red Ribbon Week

Red Ribbon Week at Yorba Middle School is a high-energy, action-packed week of activities. Sporting red, students took a pledge to make the right choice by choosing life and health over drugs. The message is loud from the students: DON'T DO IT!

With the support of Yorba's Associated Student Body, students participated in lunchtime activities that centered around drug prevention and empowering positive choices. Drama and technology students collaborated to create a skit enhanced with multimedia to share the anti-drug message. Students heard facts and real-life examples and were given positive messages of hope.

All week the Yorba Toros sported red and encouraged each other to choose a drug-free life. Every day they choose to work hard and commit themselves to an education that will help them fulfill their dreams.

We are proud! We are committed! We are Toros!

Drama students perform at Red Ribbon Week Assembly.
