

2016-17 Elementary Visual & Performing Arts Principal Newsletter

Curriculum & Instruction • August 9, 2016 • Issue 1

We are excited about the 2016-17 school year and are confident that VAPA will be even more successful this year with your support!

Please take a moment to go over the VAPA updates in the newsletter below.

2016-17 VAPA Schedule

The 2016-17 schedule is now finalized, but please check your schedule to make sure there are no concerns.

VAPA Student Rosters

- VAPA rosters will be emailed prior to the start of instruction (September 6th).
- 5th grade student rosters were created based on the survey that was sent in the spring. Any students who didn't submit a survey will need to be equally distributed into the wheel classes at each site.
- 6th grade rosters were created based upon last year's student placements. Any new students will need to be equally distributed into the wheel classes at each site.
 - Only students who were in an instrumental course as a 5th grade student can be in either band or orchestra as a 6th grade student.

New VAPA Trimester Progress Reports & Grading Procedures

Classroom teachers and VAPA teachers will utilize the Trimester Progress Report to keep parents updated on student progress.

Classroom teachers and VAPA teachers will be able to access Aeries for grades each trimester. Classroom teachers can load directly from the gradebook when it is time to submit grades.

Instrument Procedures

- New instruments will be barcoded and labeled by the VAPA team off-site
- New instruments will be delivered to your library
- LMTs will be provided a spreadsheet with instruments that need to be added into Destiny
- Students will check-out instruments beginning the week of September 12th

VAPA Room Locations

Please take the time to walk your campus to assess the classrooms that have been designated for VAPA. If you have any changes to your locations, please email them to Laura Kresl. We understand that space is an issue at some school sites, so please let us know if you need any assistance.
